

**Michael Krumpe**

**Nokia Siemens Networks**

**Short CV**

Michael Krumpe is working in strategic marketing department of Nokia Siemens Networks.

Graduated as Electronic Engineer, he started working for Siemens back in 1973 where he joined the telecommunication business in 1988 for the GSM standardization in CEPT and ETSI. He also acted as Chairman of ETSI SMG4 on data services.

Following a system engineering effort for wireless local loop systems, he joined portfolio management and the spectrum regulation team of Nokia Siemens Networks from start of the merger.

Today, he represents his company in various industry bodies such as German BITKOM, bmco forum and DIGITALEUROPE where he also currently acts as Chairman of the spectrum group.
