"How to simplify and populate practices?"

David Reynolds

CEO IAAITC

dreynolds@iaaitc.org

IAAITC who?

- International Association of Accountants Innovation & Technology Consultants
  - Membership Organisation
  - Not For Profit
- ENISA
- Computing School of Northumbria University (Forensics)

Multipliers

- Chambers of Commerce
- Trade Organisations
  - Plumbers, Retailers, Vets, etc
- Professional Bodies
  - Lawyers, Doctors, Architects, Accountants

Accountants

- Every Business has one
- Every Country has at least one professional body
- The numbers are compelling
  - 30,000 Accountants (UK)
  - 3,000,000 Businesses (UK)
- There are associations / networks of Professional Accountancy bodies.

iaaitc.org

But get it wrong

- Government

- Document Sharing

- Online Accounting

Government

Document Sharing

- Secure Internet based Portals
  - Client can upload documents
  - Accountant can upload documents
- Fraudsters can upload Trojans / Viruses
- Fraudsters can "hack"
  - Client Documents
  - Practice Portal
  - Suppliers Server

Online Accounting

- All the Risks of Document Sharing
- What happens when the broadband goes down?
  - For an hour
  - For a day
  - For 3 days

In the rush to bring technology innovation to market innovators fail to consider the "new" risks that the innovation brings.

"How to simplify and populate Best Practices"
