Determination of 17.1.2002

ALTERATIONS TO BE INTRODUCED IN THE PRICES OF THE SHARED ACCESS SERVICE PROVIDED WITHIN THE FRAMEWORK OF THE RUO

Upon determination of 28/06/01, PT Comunicações, S.A. was requested to provide, within 60 days, a duly justified price proposal for the Shared Access Service (in compliance with that indicated in point 10.a of the "Set of items to be included in the RUO").

Having analysed the price proposal presented by PT Comunicações, S.A., on 24/09/01, it was concluded to be necessary to review the prices presented, in light of the principle of cost orientation. In the process of estimating costs, it was decided to adopt a shared costs approach for the common elements (FTS and Broadband), although consideration was also made of the incurred costs approach, adopted by some regulators. The latter option was set aside because it was considered to still lack firm foundations, making it advisable to analyse possible evolutions that may occur, including those taking place at the European level.

Thus, after conclusion of the period of prior hearing of interested parties in compliance with the Administrative Procedure Code, ANACOM's Board of Directors, under the terms of paragraph a) of nr. 2 and nr. 3 of article 4 of Regulation (EC) no. 2887/00 of the European Parliament and Council, decided, in a regular meeting on 17/01/2002, to alter the prices of the shared access service provided within the framework of the RUO 2001, which should be integrated within the reference offer within a maximum of 5 days:

SHARED ACCESS SERVICE TO THE LOCAL LOOP	PRICE
Verification of Eligibility	¤ €29,93 (PTE 6.000)
Qualification Test	¤ €69,83 (PTE 14.000)
Intervention for undue report of breakdown	¤ €44,89 (PTE 9.000)
De-installation of the local loop	¤ €12,10 (PTE 2.426). If a interested party requests the de-installation of the client's filter, add ¤ €64,65 (PTE 12.961)
Installation/transfer of the local loop	
With POTS filter	¤ €149,80 (PTE 31.032)
With ISDN filter	¤ €173,75 (PTE 34.834)
Monthly fee of local loop	
With POTS filter	¤ €7,82 (PTE 1.568)
With ISDN filter	¤ €7,92 (PTE 1.588)
Transfer from POTS to ISDN	¤ €68,20 (PTE 13.673)

SERVICES	EXTERNAL/INTERNAL CABLE ¹⁾		SPECIFIC ELEMENTS OF SHARED ACCESS ²⁾	
	INSTALLATION	PER MONTH	INSTALLATION	PER MONTH
INTERNAL TIE-CABLE				
Initial Installation	¤ €3.155,40 (PTE 632.600)	¤ €25,11 (PTE 5.035)	¤ €6.980,00 (PTE 1.399.364)	¤ €42,40 (PTE 8.500)
Ampliation in modules of 100 pares (up to 1000 pairs) ^{a)}	¤ €1.422,07 (PTE 285.100)	¤ €13,24 (PTE 2.655)	¤ €6.345,00 (PTE 1.272.058)	¤ €27,10 (PTE 5.433)

EXTERNAL TIE-CABLE (600 PAIRS)				
Initial Installation	≈ €1.457,29 (PTE 4.301.800)	≈ €136,45 (PTE 27.355)	≈ €6.920,00 ^{b)} (PTE 1.387.335)	≈ €76,65 ^{b)} (PTE 15.367)
Ampliation in modules of 100 pairs (up to 600 pairs)	n.a.	n.a.	≈ €6.980,00 ^{c)} (PTE 1.399.364)	≈ €37,50 ^{c)} (PTE 7.518)
Ampliation in modules of 600 pairs (up to 1200 pairs) ^{d)}	≈ €13.417,66 (PTE 2.690.000)	≈ €23,20 (PTE 24.700)	≈ €6.920,00 ^{b)} (PTE 1.387.335)	≈ €76,65 ^{b)} (PTE 15.367) ^{j)}
EXTERNAL TIE-CABLE (300 PAIRS)				
Initial Installation	≈ €19.918,37 (PTE 3.993.275)	≈ €82,25 (PTE 16.490)	≈ €6.920,00 ^{e)} (PTE 1.387.335)	≈ €62,35 ^{e)} (PTE 12.500)
Ampliation in modules of 100 pairs (up to 300 pairs)	n.a.	n.a.	≈ €6.980,00 ^{f)} (PTE 1.399.364)	≈ €39,20 ^{f)} (PTE 7.859)
Ampliation in modules of 600 pairs (up to 600 pairs) ^{g)}	≈ €8.063,74 (PTE 1.616.635)	≈ €68,41 (PTE 13.715)	≈ €6.920,00 ^{e)} (PTE 1.387.335)	≈ €63,35 ^{e)} (PTE 12.500)
Notes: ¹⁾ Refers to the connection between the MDF and the HDF and may be used both in the modalities of shared access and complete access , irrespective of the services at the origin of their installation. Includes the cable with the referred capacity and the respective blocks, connections, etc. ²⁾ Refers to the elements required for provision of the shared access service, namely filters and respective connections, blocks, cables etc. Whenever Internal/External Cables are available between the MDF and the HDF, the installation of these specific elements does not imply installation of such cables. These specific elements may be connected to one or various Internal/External Cables. Notes: a) Up to a maximum of 1000 pairs, after which a new installation must take place. b) Capacity for 600 pairs, with 100 pairs installed. c) In an installed capacity of 600 pairs. d) Up to a maximum of 1200 pairs, after which a new installation must take place. e) Capacity for 300 pairs, with 100 pairs installed. f) In an installed capacity of 300 pairs. g) Up to a maximum of 600 pairs, after which a new installation must take place.
